关于我们，学域 (AcademiaSphere)

学域（AcademiaSphere）是由哈工大（深圳）国际青年俱乐部（HSIYC）发起的学业支持项目。通过结构化自习活动、核心课程串讲及社区互动活动，学域致力于为全体国际学生打造包容互助的学习环境，助力大家实现学术卓越。

About Us, AcademiaSphere (学域)

AcademiaSphere is the academic support initiative launched by the HITSZ International Youth Club (HSIYC). Through structured study sessions, targeted review classes, and community focused activities, AcademiaSphere aims to empower students to achieve academic excellence and create an inclusive learning environment for all international students at HITSZ.

寒假已至，许多国际生选择留校。学域正式推出创新型学业支持计划，旨在帮助同学们将寒假转化为成长与学业进步的黄金时期。

本计划从1月23日持续至补考准备阶段，推出The Cache Hub(知识缓存区)——一个受计算机架构启发的双空间学习社区，同学们可以选择理想的学习环境，与The Final Patch(考前冲刺串讲)——在补考前一周开展的高密度复习课程，提供精准的考试支持，全力提升通过率。

As winter break begins and many international students remain on campus, AcademiaSphere is launching an innovative academic support program designed to help students transform their winter break into a season of growth and academic achievement.

Running from January 23rd through the exam preparation period, the initiative introduces "The Cache Hub" — a dual-space learning community inspired by computer architecture, where students can choose their ideal study environment & "The Final Patch" — intensive pre-exam review sessions in the week before make-up examinations.

Phase One: The Cache Hub
第一阶段:知识缓存区

时间:1月23日至除夕前

我们将两间教室打造为专业化学习区域，营造适合不同学习需求的学习空间。

Duration: January 23rd to Chinese New Year's Eve

We're transforming two classrooms into specialized learning zones, creating a study space tailored to different study needs.

Room A: The Focus Zone

严格静音空间，专为深度专注设计。适合编程马拉松、刷题训练和需要高度集中注意力的深度学习任务。

A strictly silent space designed for deep concentration. Perfect for coding marathons, problem-solving sessions, and intensive studying where every minute of focus counts.

Room B: The Collaboration Hub

开放式协作区域，同学们可以在此进行小组项目讨论、演讲练习，或是放松休息、社交联络。

An open discussion area where students can work together on group projects, practice presentations, or simply take a break and connect with peers.

Fuel Your Studies 为学习充能

随机"内存"补给

为保持高昂士气和充沛能量，我们将每周1-2次进行惊喜茶歇投放。请关注群内"System Update: Refreshments are ready!"通知，获取特调饮品("代码动力水")、能量棒和特色中式点心("二进制能量块")。

Random Memory Boosts

To keep spirits high and energy levels up, we're introducing surprise refreshment drops 1-2 times per week. Watch for our "System Update: Refreshments are ready!" announcements in the group chat for specialty drinks ("Code Fuel"), energy bars, and traditional Chinese snacks ("Binary Energy Blocks").

Phase Two: Final Patch
第二阶段:考前冲刺串讲

时间: 补考前一周

Duration: One week before make-up examinations

在补考前一周，我们将推出The Hotfix Sessions(核心科目串讲)——针对线性代数、物理与电路分析等核心课程的专项复习辅导课。由成绩优异的国际学长学姐担任讲师，系统梳理核心知识点和考试策略，助力大家顺利通过考试。

In the week before make-up examinations, we're launching The Hotfix Sessions — targeted review tutor classes for core courses such as Linear Algebra, Physics & Circuit Analysis. Led by high-achieving international student tutors, these sessions will break down key concepts and exam strategies to help success for everyone.
